

Scope Statement (Version 2.0)

Project Title: Mind Over Matter Date: 3/31/19 Prepared by: Isabella Hardy
Project Purpose & Justification: The purpose of this project is to provide Recreational Sports with an understanding of how to incorporate data analytics to create a framework to help them understand the data that they have collected over the years in a constructive, useful way.
Project Scope Description: The team will provide a dashboard to our sponsor at Recreational Sports containing relevant analysis and visualization. This will potentially be used to justify and aid managerial decisions.
Product User Acceptance Criteria: The goal is to provide a clear, concise visualization so that the data is easily and quickly understood by the user, as well as giving another team the ability to move forward with this project if necessary. Following steps to take will be identified for the department or another team. Lastly, a meaningful understanding of research presented to Recreational Sports so they can better understand limitations of their project.
Summary of Project Deliverables Project management-related deliverables: business case, charter, team contract, scope statement, schedule, status reports, final project presentation, final project report, lessons-learned report, and any other documents required to manage the project. Product-related deliverables: research reports, design documents, software code, hardware, event, donations, etc. <ol style="list-style-type: none">1. Hi Dr. Deane,

I wanted to reach out to you to ask that after you review our project documents you allow us to scan in our original copy of our Scope Statement 2.0, which is signed by our sponsor. Few of us have access to printers let alone scanners and so the document on our website is the updated scope statement, just without the signature.

Please let us know when it would be convenient to you.

Thank you,

Isabella Hardy
